Theory/Explanation Section

1. What is GST?

Goods and Services Tax (GST) is a value-added tax levied on the supply of goods and services in India. It has three components: CGST, SGST, and IGST.

2. Why is Profit Calculated Separately?

Profit is the difference between selling price and cost price. Invoices often maintain profit records internally.

3. Importance of Invoice in Business

An invoice is a legal and financial document used to request payment, ensure compliance with tax laws, and track profits.
